Stur-D-Shield

Lightweight, compact and easy to assemble, the portable Stur-D-Shield folds flat when not in use. Provides all the features of Stur-D-Screen. Perfect as a tabletop welding screen, portable maintenance screen or compact safety screen. Fits easily into a truck or van.

Shipped disassembled.

ACCESSORIES

Wind Control Valve

Available in Rip-Stop and See-Thru only. Valve allows bottom hem to be filled with water, sand, etc. Provides curtain ballast. One valve every 10' recommended.

Part No. WC-1

Curtain Hooks

Heavy-duty hooks for use with welding curtains. Fit 1 1/2" to 2" outside diameter pipe.

Part No. 100

Casters

Two-inch diameter rubber wheel, swivel casters provide rolling portability for tubular frame screens. Adjustable for single-panel, two-panel, three-panel and four-panel screens. **Part No. Cas-1, Cas-2, Cas-3, Cas-4**

E-Z FAS'N Fastener

1-inch wide nylon hook and loop material for joining sections of curtains or other materials together. Press together to close, and pull apart to open.

Part No. EZ005

Patch Kit

See-Thru Spectra, gold, green or gray. 30 in. by 36 in. material with adhesive backing.

**Part No. PK-25 spectra
PK-50 gold
PK-60 green
PK-80 gray**

Hem Weight Chain

Flexible link chain. Weights and stabilizes safety/welding curtains. Factory installed into bottom hem of fabric.

Part No. BC015

Air Vent Mesh

Heavy-duty vinyl mesh allows air circulation and ventilation. Does not filter UV radiation. CFM approved.

Part No. AVM-10

Inspection Window (Shade 8)

20" x 25" flexible window permits viewing of weld puddle through welding screens or shields. Attaches with E-Z FAS'N Fastener.

Part No. IW007

Grommets

Additional heavy-duty vinyl or brass grommets may be incorporated into any curtain or blanket material.

**Part No. GR15 Vinyl
Part No. GR20 Brass**

Nylon Ties

Adjustable nylon ties. Fit 3/4" to 2" outside diameter pipe.

Part No. 800
